

A schematic diagram of a device 1. The device has a rectangular frame 7. Inside the frame is a large central cavity 6. On the left side of the frame, there is a vertical rectangular component 5. Within this component is a smaller vertical rectangular element 4A. Below element 4A is a horizontal line 4. At the bottom of component 5 is a small rectangular element 4B. A vertical line 2 extends from the top of component 5 down to element 4B. A horizontal line 3 is located at the bottom of the frame 7, passing through element 4B. A vertical line 7A is shown on the left side of the frame, and a horizontal line 7B is shown at the bottom of the frame. The entire assembly is labeled 1.
